15TH ANNUAL FARIBAULT WRESTLING GOLF CLASSIC

FRIDAY, JULY 31, 2009
1:00 PM

GOLF AT THE LEGACY
FARIBAULT, MN

RAIN OR SHINE

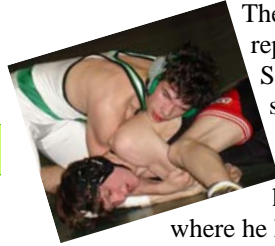

Faribault Falcons

Over the past 14 years, Faribault coaches, alumni, and friends have put together a fun-filled day for all to enjoy. We would like to invite all Wrestling Fans to the 15th Annual Faribault Wrestling Golf Classic. Last year was a great success and we hope to have continued success this year. It's always impressive to see the faces of alumni, family, and friends who have played a part in the rich history of Faribault Wrestling.

**Show your support for
Faribault Wrestling
See you on the GREEN!**

The Faribault Wrestling program continues to build towards future success.

The Falcons once again were represented at the Minnesota State Tournament this past season. Nick Knott (11th Grade), seeded fifth at the Section tournament, wrestled his way to the semifinal match where he lost to the eventual champion.

Nick, then stormed his way back and earned a true-second match, where he dominated from whistle to whistle. At the State Tournament, Nick was one match short of being named All-State. Nick was nearly joined by teammates Cole Wilson (11), Caleb Breyer (11) and Brandon Peters (8). All three wrestlers placed third at the section tournament, just missing a trip to St. Paul. The Falcons will no doubt be well represented in 2009-2010 season.

The Middle School wrestlers continue to make big strides in recapturing the vision of a storied program. However, the story continues to be the rise of the Youth Wrestling Program. For the second straight year the Falcons have brought wrestling to the elementary schools with each Elementary School having its own team. Lincoln, Jefferson, Roosevelt and the Academies practice twice a week after school and then compete against each other in dual meets on Friday evenings. High School and Middle School coaches and their athletes serve as the youth coaches.

The stands are packed and the energy is nearly as high as the numbers enrolled in the program. The five-week program ends with the annual City Championships. Every kid walks away a winner as they are presented with a trophy. Many decide they don't want to walk away at all as over half of the 150 kids continued to compete in our Green Machine Traveling Program. This is a much more intense program that offers even more of our great sport! Yes, the future is looking bright for the Falcons!
